

**Do you know the color code of the car?**

Car colors can be found with the help of Identification pages in each Lesonal standard color swatch.

yes

Search for the color code of the car on Mixlink or on colorlink via Internet.  
[www.lesonal.com](http://www.lesonal.com)

yes

Does the Mixlink or Colorlink via Internet indicate variant colors for this code?

Identify the right color with the Lesonal Variant Color Swatch – page numbers are mentioned on Mixlink and Colorlink.

Select the formula of the variant color on Mixlink or on Colorlink via Internet.

Verify the color code you have found in the Lesonal Standard Color Swatch

Mix the formula you have found in

Always spray a test panel to check the color.

no

no

Identify the color of the car with the Lesonal Standard Color Swatch. For colors of plastic parts, use the Lesonal Plastic Part Color Swatch I and II

# Color Documentation Wizzard

**LESONAL**

Great finish. Great value.
