AKZO NOBEL

Systems for Plastics

Lesonal offers a very compact system for repair of plastic parts, consisting of only four products. With these products you can, when combined with Lesonal Topcoat, Clearcoat and Primer, repair almost all type of plastics and copy almost all gloss levels and structures.

Primer for Plastics

Ready for use primer for use on almost all type of plastics. Primer for plastics is not only available in a can for conventional application, but also in a very userfriendly aerosol

Flexible Additive

This product can be combined with Lesonal Topcoat, Clearcoat and Primer. It will enable you to repair even very flexible substrates as PUR soft

Texture Additive

This product can be combined with Lesonal Topcoat or Clearcoat. It perfectly reproduces the structure of car bumpers, and provides a flexibility which most of the time makes the addition of Flexible Additive superfluous.

Matting Clear

When combined with Lesonal Clearcoats this product reproduces any gloss level required.

System for Plastics

Features	Benefits
<ul style="list-style-type: none"> • Compact system 	<ul style="list-style-type: none"> • Less stock, less risk for failures
<ul style="list-style-type: none"> • Suitable for almost all types of plastics 	<ul style="list-style-type: none"> • Always a good result
<ul style="list-style-type: none"> • Easy application 	<ul style="list-style-type: none"> • Saves time and money
